

# SETTING UP THE APPLICATION ENVIRONMENT

## CREATE IBM CLOUD ACCOUNT

DATE	27 October 2022
TEAM ID	PNT2022TMID42092
PROJECT NAME	Inventory Management System for Retailers

Create IBM Cloud Account:

The screenshot displays the IBM Cloud Dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and 'Rahitha S's Account'. A 'Create resource' button is prominently displayed in the top right. The main content area, titled 'Dashboard', features a 'For you' section with several recommended actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'IBM Watson Internet of Things Platform' (Communicate with connected devices, monitor and analyze data in real time, connect your own IoT apps and add Watson AI to the solution), 'Build a Virtual Private Cloud (VPC)' (Upgrade to a paid account to create your own protected space in the IBM Cloud), and 'Incorporate your private cloud' (Shorten the time to market for your applications). Each action card includes a 'Getting started' button and a duration (e.g., 15 min, 2 hr, 2 min, 7 min). The dashboard also includes sections for 'User access' (Manage users), 'News' (View all), and 'Planned maintenance' (View). The bottom of the screen shows a Windows taskbar with the date and time '14:51 16-11-2022'.
